

ReGenesis Consulting Group is a multidisciplinary consulting and community development firm operating as the strategic advisory and programmatic arm of ReGenesis Construction Remodeling (RCR) LLC. The firm delivers integrated consulting, infrastructure, workforce, and community revitalization solutions to government agencies, nonprofits, faith-based organizations, and private-sector partners.

Leveraging over 35 years of construction, restoration, and project execution experience, ReGenesis Consulting Group provides results-driven services that strengthen organizational capacity, stabilize communities, and advance sustainable development initiatives. Our approach blends professional excellence, data-informed strategy, and community-centered implementation to deliver measurable outcomes across diverse environments.

Differentiators

Integrated Service Model

We are Unified consulting, workforce development, construction, and community programming under one accountable framework.

On-Time, On-Budget Performance

We completed 100+ projects on time and within budget across residential, commercial, and community facilities.

Institutionally Governed & Audit-Ready

We are Institutionally governed operations with documentation, controls, and reporting structures designed for long-term public partnership.

Enterprise-Grade Project Controls

We operate with enterprise-level project management, cost controls, risk mitigation, and audit-ready reporting.

Rapid Mobilization Capacity

We mobilize within 30 days of Notice to Proceed, depending on scope and location.
